

If anyone has material possessions and sees a brother or sister in need but has no pity on them, how can the love of God be in that person?

We can't always give money, give the ride, give our time or give whatever is being asked due to various reasons but what we can do is give information that will help someone get the bill paid, help someone get to the doctor's appointment, help someone connect with the right group of people or just help someone with whatever need they may have in order to help them overcome or perhaps endure extenuating circumstances!!

Community In The Know is my way of helping my fellow neighbor by sharing beneficial information and community resources! These resources are available to the Dunn area. If you know of any other resources in this area, not listed, please send an email to corneliamalloy@gmail.com or if shared on Facebook, drop resource in the comments!!

LOVE YOUR NEIGHBOR

A lot of people are looking to social media for help! So many people go to social media to ask for any and everything because more than likely someone on their social media pages may have the answer or be the answer.

The Bible tells us to love our neighbors as we love ourselves, simply put lend a helping hand when you can to anyone in need! It doesn't take much to be kind or show love and sharing information is a way of showing love, especially if the information is beneficial and can change a person's situation. Remember it could be you or your loved one!

SHARE A RESOURCE

Sharing is caring. Sharing information is a way to help someone find out what they need to know. You never know how impactful or life changing the information you share may be!

If you know of any of the above resources, please share. Be sure to include your city, state and county. Thanks for sharing!
